Monica,

Based on information provided to me, I do not believe you have facts to back up your statements including but not limited to telling press that "Marc Edwards has discredited the work of Scott Smith."

I am very concerned about you making potentially false, damaging, and defamatory statements given your position of Deputy Press Secretary with the EPA. This is why the 3 of us need to speak ASAP to resolve a few things in good faith.

I am only writing this email in a good faith reach out, because of the respect for and working relationship I have with Mark Durno.

I refuse to believe that Mark has had any role in False Narratives, distortion of facts, and potentially propagating defamatory statements made by Marc Edwards that may have been funded by the EPA.

It is my hope that you are simply confused as to the facts and this can be cleared up immediately.

I look forward to speaking next week.

Best Regards,

Scott C. Smith (508-345-6520)
